LIFTGATE REPLACEMENT & SERVICE PARTS

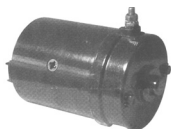

We inventory power units, motors, hydraulic parts, solenoids and more. R.H. Scales Company carries a range of tang, keyway and spline motors for liftgates, winches, cranes, snowplows and dumps.

NATIONAL LIFTGATE PARTS, INC.
Thousands of Replacement Parts and Growing

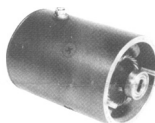

REPLACEMENT MOTORS

BMT0022

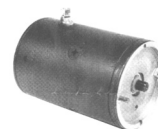

A very popular regular duty tang shaft liftgate motor! This CCW, 12-Volt, DC, OEM motor is found on Waltco, MMaxon Monarch and MTE.

AMT0077

Regular duty CW replacement motor with spline shaft. An exact replacement for the Prestolite MDY7039. Also use for Maxon, Waltco and Venco replacements.

AMT0097

Built to Prestolite specifications and affordably priced. Regular duty motor replaces Waltco, Maxon, Anthony, Venco, DelAmerica, Tommy and SPX (Fenner) products.

CIRCUIT BREAKERS

Same mounting holes as APL8012. Slightly smaller overall Same tip characteristics.

- APL9005** 50 Amp Circuit Breaker
- APL9009** 90 Amp Circuit Breaker
- APL9012** 120 Amp Circuit Breaker
- APL9015** 150 Amp Circuit Breaker

TOW CONDUCTOR TRAILER PLUG

Dual pole, rated 200 amps for 6 gauge wire.

- BPL2611** Socket Only
- BPL2612** Male Plug Only

DRAIN PARTS

APL3365

Heavy duty drain solenoid kit comes complete with solenoid, bracket, cap and stem hardware.

AMF3330

Complete solenoid drain valve with cartridge replaces Maxon 250072 and Leyman. Used on most SPX (Fenner) electric power units.

SOLENOIDS

APL3000

3-post, positive to excite, metal grounded solenoid with flat base. Use for most all liftgate makes and models.

APL3020

Another great replacement option, this bakelite upright solenoid is built to Prestolite standards. 3-post, positive, grounded with curved base.

SWITCHES

APL2250

This common dimmer style start switch offers quality, reliability and value all in one.

BPL2250

Order this canister replacement for service and replacement of many Monarch and Theiman items. Features screw-type mount.
